Our Story

A dream begins with a step... and following it is the secret to achieve it.... In 2005 we began to embody this dream in establishing this entity, despite many difficulties and fierce competition in this field, our determination and adherence to the dream overcome all difficulties, this entity began with simple, easy ideas. objective and achievable goals, our goals are constantly safety first, whether for staff, site and customers, quality and reliability, delivery on time and within the specified budget, and providing innovative solutions to reduce costs, preserve the environment and we are committed to sustainability in all areas. continuous training and development.

Keeping in our mind the building of a bright future for the coming generations of this dear and generous country, support for the ambitious march, and the realization of the Kingdom's Vision 2030 with all the glory and honor that it brings to this country.

And this dream is still going on. We are working, developing and growing little by little. We started working in Jeddah, then Makkah and the western Province during the years 2005 to 2010. We decided to expand while maintaining all the frameworks and goals set since the beginning of the dream.

During the pandemic, all the data has changed and the priorities for everyone have changed as well. However, our firm values in preserving & maintaining the safety of the team, sites and customers with continuous training on all precautionary measures gave us great flexibility in dealing with the pandemic, avoiding dangers and overcoming this difficult stage.

Today, and with the blessing of God, then the privilege of the great economy of the Kingdom of Saudi Arabia and the vision of the Custodian of the Two Holy Mosques and the Crown Prince 2030, we are proud to be the leaders for serving this sector.

We have transformed from a regional entity serving some cities to an institutional entity that provides its services on a large regional and international scale in the GCC or the Middle East, and we are still clinging to our roots with the same passion and ambition, realizing that maintaining success is no less important than reaching it.

Our vision

Committed to the values and principles of the kingdom of Saudi Arabia and the approach of its leaders, we march ahead with confident steps in God Almighty then with the supports of our fellow citizens.....with firm and steady steps to achieve success every day

Our goals

We always look forward to consolidate the trust with our partners ,and gaining new clients and partners on the bases they have always known about our company.

Day by day we develop and gain more experiences that keep pace with the challenges.

CEO message

We believe in the value of the nation's elevation and the importance of making good use of time, managing working teams simultaneously with the challenges of the times and the technological advance that they present to us in all fields. The Construction core Contracting Est. realizes its responsibility and its vital role towards society, and committed to continuous development and growth through a sound administrative environment, always striving to implement all applicable local and international systems and standards to maintain the highest quality and service provided to the individual and the community.

Today we are starting a new phase of great importance, out of our belief in the importance of complete customer satisfaction experience with the quality of our services, as well as the interest in supporting the company's employees to open up areas of creativity and excellence and develop their personal capabilities for the continuation of successes & achievements.

The Construction core Contracting Co, is proceeding according to the strategic plan and the set initiatives, it has overcome many difficulties and obstacles and gained the trust of clients, whether governmental or private sectors, and succeeded in finishing all the assigned projects.

The cornerstone behind the series of successes achieved by the Construction core Contracting Co, certainly lies in the dedication of the management and staff in serving its customers at the highest level of professionalism and performance. The solid partnership that we built with our customers, and their confidence in our capabilities, high quality products and our staff has greatly contributed to the realization of our vision and moving forward in achieving high operational efficiency in addition to the quality of outputs and sustainability.

CEO Mr. Ashraf Abu Kasem.
